

Fan the Flame: Bibles for Asia Spring 2020 Radio Campaign

Call Center and Web Real Time Reporting Guidelines

Overview

Bible League International is pleased to hold our radio fundraising campaign on your Station to promote our organization, to raise financial support in order to deliver ministry (sending Bibles, Biblical resources and training to the Persecuted Church) and to acquire new donors. Donations are made using 1-800-YES-WORD, 1800YESWORD.com, and through links from your station webpages to 1800YESWORD.com.

During our Spring 2020 campaign, your station may participate in an on-air Radio-thon/Live Push for multiple hours or days. During these segments, reporting in "real time" is available for your station to use on air to announce campaign progress and to acknowledge listeners who give to the campaign.

It is important to note that dollar amounts listed in these "real time" reports are not official and shouldn't be used as an official measure to goal. Official campaign results are sent by Bible League International each weekday, except major holidays; the daily updates include gifts made by processed and approved debit/credit cards and by postal mail. These official numbers may differ from the real time reports due to the time needed to process debit/credit cards and to receive pledged gifts by mail.

Call Center Reporting

Donations made to the inbound call center using 1-800-YES-WORD are monitored using a station-specific reporting system set up by the call center. Your station is given a unique login and password to monitor real time giving.

Here is the link to the **Call Center** website: <u>https://www.micahtek.com/</u>

The **call center** website home page looks like this:

The 'Station' column is simply your station call letters, which is used for attribution purposes. When acknowledging listeners' gifts online, it is recommended that you use the donor's first name only, city, and the number of Bibles sent (\$5 sends one Bible, and if the gift is given while a matching grant is active, the number sent is doubled, but will not be reflected on this list).
