

Spring Radio 2020 – Asia

Fan the Flame: Bibles for Asia

Social Media Plan

Guidelines

- Tag Bible League International in your posts! We'll interact back and help answer questions from your listeners.
 - Facebook: @BibleLeagueInternational
 - Instagram: @BibleLeagueInternational
 - Twitter: @BibleLeague
- If space permits, use the hashtag #BibleLeague
- These are suggestions for you to use within your normal marketing mix. Please feel free to tailor to your target audience
- Always use a picture with a post – engagement increases dramatically!
- Posts should usually not be longer than 40 words. After that, people stop reading.
- Helpful hint: Replace the "K###" with your call letters in the posts!
- When creating a post on Facebook:
 - With a link: Type the link in first then replace link's image with the suggested image that has 1200x630 in the file name (in the **Link Images** folder in the Social Media Plan). This will make the image a clickable link to your giving page. The preview will most likely show a small image in portrait instead of landscape, but once published it will display correctly.
 - Without a link: Please use the suggested image that has 800x800 in the file name (in the **Post Images** folder in the Social Media Plan.)

During Campaign (Throughout the duration of your campaign)
